Packaging text:	SunLight Bell The SunLight Bell is a unique design with fully integrated, concealed solar cells. The solar lamp is energy-efficient and 100% solar-powered for eco-friendly, cable-free and atmospheric lighting on the patio. The lamp can be positioned in a number of ways; for example, it can be suspended from the ring at the top of the lamp or placed on the garden table. By means of a dusk-to-dawn sensor, the lamp can be set to switch on automatically. After charging for 8 hours in full sunshine, it will stay illuminated for up to 20 hours. The lamp also has a rechargeable batteries, which can be charged up to 500 times. Made of frosted glass, powder-coated aluminium and plastic. H 20 cm, Ø 13.9 cm.
Batch size:	2 pcs.
Design:	Claus Jensen & Henrik Holbæk, Tools
